Tango Software

60 Day FREE Trial Tango Software's LION Universal Screener

Support Every K–3 Learner with Confidence

Aligned with New Jersey's Screening Requirements for K-3 screening

Meet NJ's K–3 Literacy Screening Mandate with Confidence

Under N.J.S.A. 18A:39-40.1, New Jersey requires school districts to conduct universal literacy screenings at least twice per year in grades Kindergarten through 3rd. Tango Software's LION for Reading and Math provides a comprehensive, research-aligned solution to ensure compliance and student growth.

What's Included in the Free Trial?

- One-on-one administered reading assessment to determine independent, instructional, and hard reading levels
- Real-time oral reading transcription and audio capture for fluency and accuracy analysis
- Text leveling alignment with Lexile®, Fountas & Pinnell, Reading A–Z, and Accelerated Reader
- Literacy and math screening for foundational and grade-level skills
- Detailed reporting for growth, dyslexia risk factors, intervention targets, and longitudinal progress
- Scored writing tasks using teacher-friendly rubrics
