

## MASTER of EDUCATIONAL TECHNOLOGY

WILSON  
COLLEGE

EDUSPIRE  
TECH THE NEXT STEP

*NJ ECC, leading, inspiring and transforming education through technology in K-12 schools for over 39 years, has partnered with Eduspire and Wilson College to offer all New Jersey K-12 educators the following exciting graduate program options:*

- Earn an affordable, fully customizable, 30 credit online *Master of Educational Technology (MET)* that you can complete at your own pace for just under \$17k offered through Wilson College, an accredited college located in PA
- Or enroll in a *menu of over 60 individual 3-credit, graduate level courses* focused on the innovative yet practical application of educational technology in your classroom based on your professional interest or need.
- Sign up at any time, as courses run with start dates throughout the year.
- Access supplemental funding for your advanced education by applying for the Eduspire scholarship program for individual courses that are not taken as part of the MET program
- Many courses include devices at no additional cost.
