

# NEW PRODUCTS

## Meet the Newest Innovations from Bretford

Engineered for today's classrooms, our newest solutions combine high-powered charging, smarter energy distribution, and space-saving design.

### CUBE Phocus™ Station Phone Storage. Simplified.

Provide a safe, efficient way to store and manage up to 42 smartphones in classrooms, offices, and shared environments.

### CUBE Cart® Slim Pro

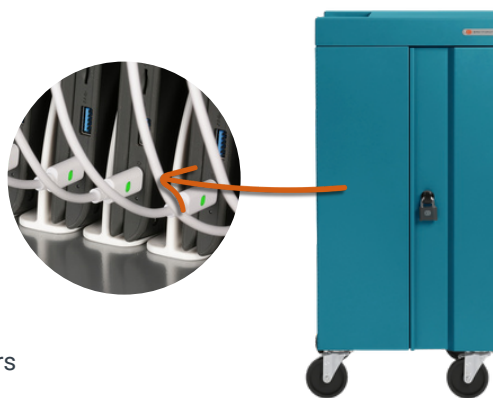

Powered by

**Opti-Sense™**

Up to **40% faster charging** than other USB-C systems

**10% less footprint** than other charging carts

Durable USB-C cables with **LED charging status** indicators

### CUBE Transport® Pro Pre-Wired

Open-air design. No adapters. Just grab, go, and charge with high-powered USB-C PD.

Integrated status LED indicators make it easy to see which devices are charged and ready to go.
