

# QuickShip Program

## Small Group Layout

The VS QuickShip program has a wide range of products— including chairs, desks, and storage — **ready to ship in 10 business days or less. All products arrive fully assembled so they can be put to use immediately.** See how our in-stock furniture comes together to support learning spaces of all shapes and sizes. All NJECC Members can leverage the deepest discount on EDData on deliveries this summer.

### FEATURED PRODUCTS

#### PantoSwing-LuPo

*Forward-flexing cantilever chair.*

- Frame made of bent, powder-coated 12-gauge steel tubing
- Seat shell made of double-walled textured polypropylene
- Cantilever frame creates a gentle rocking effect, supporting dynamic, natural body movement
- Cradle-to-Cradle certified

#### Compass-LuPo

*Four-legged chair.*

- Double-walled, textured polypropylene seat shell creates an air-cushion effect for comfort
- Casters for mobility
- Grip hole for easy handling

#### LiteTable-ST

*Stackable lightweight table.*

- Frame made from welded steel with round steel legs
- Uniquely spaced table legs allow for continuous rows without gaps between desks
- Stackable up to 8 high

#### SpaceWalk

*Mobile storage element.*

- Stores more than standard casework and is a smarter way to organize, see, and share resources
- Engineered to endure the rigors of everyday school life
- Fully mobile on lockable, dual-wheel swivel casters
- Performs well beyond industry standards in tip tests
