

eWalk

OBSERVE. COACH. GROW.

Every walkthrough should move learning forward.

eWalk helps school and district leaders capture meaningful observations, provide timely feedback and turn classroom data into focused support for teacher growth.

A clearer path from observation to action

Keep walkthroughs consistent, feedback useful and improvement visible across classrooms, schools and districts.

Capture with consistency

Use customizable digital templates and rubrics aligned to your frameworks, goals and initiatives.

Coach in the moment

Share actionable feedback quickly, supported by AI-powered summaries that help guide next steps.

See what comes next

Identify strengths, trends and growth opportunities to shape coaching and professional learning.

"eWalk is a one-stop shop for managing our different staff's evaluations, including teachers, administrators and classified staff. The system's flexibility allowed us to input our district's custom evaluation framework and forms, and has made the process of entering, tracking and reporting on evaluation and teacher growth activities more efficient for our team. "

-Happy eWalk Customer

FLEXIBLE BY DESIGN

Built around your process.

Your organization has its own approach to observation and coaching.
eWalk gives you the flexibility to support it.

From walkthrough to growth

- 1 Customize**
Build forms and rubrics around local priorities and evaluation frameworks.
- 2 Observe**
Capture evidence at your desk, on the move or offline.
- 3 Respond**
Deliver clear, timely feedback that supports reflection and next steps.
- 4 Analyze**
Use dashboards and reports to identify trends across teams and schools.
- 5 Grow**
Connect insights to coaching, professional learning and ongoing improvement.
